Catalog created on 28 february 2024 to 04:00

	Item	Description	Start price
	1	<p>Quantity: 1 Product category: Industrial powder coating line Brand: ITW Gema Year of construction (yyyy): 2000 / 2001 Voltage (V): 400 Additional information: Consisting of: 1 Spraying line ITW Gema, 1 suction system for powder coating residues ITW GEMA, year built 2001, dimensions: 1300 x 1700 x 2250mm, 1 silo, dimensions: 1500 x 1500 x 4750mm, 2x height-controllable double spray arm ITW GEMA, Reciprocator Acr1-21, manufactured: 2000, dimensions: 800 x 1600 x 3500mm, 1 Mecair filter system, dimensions: 1800 x 1800 x 3300mm, 4 various rinsing tanks, including cap: 1x 800L demineralized water, 2x 1900L (plain water), 1x Phospho disinfection tank 7600L and 2 powder spray guns ITW Gema, equipped with ITW Gema Pgc 1 control 1 control box Luntear 1672, 400V, 24DC, 110AC (3x phase + neutral) 104A, 50Hz, dimensions: 4150 x 600 x 2100mm 1 powder control control system ITW Gema PGC 1, 230V 1 Mobile spray booth ITW Gema, consisting of: Classic 5, built: 2000, s/n: 4001.0999, 3x 400V and Oben-5, built: 2000, 5000Nm<sup>3</sup>/h, s/n: 5000-05392, equipped with 5 filters, dimensions: 2500 x 3000 x 3900mm 1 Mobile spray gun ITW Gema Easysselect, s/n: 13301.01616 1 Industrial drying oven Officine Munari FT, built in: 2000, equipped with 2 various Riello burners, including types: Rs50 and 40, 465Kw, 36000Mc/h; 275Kw, 18000Mc/h, drying oven dimensions: 28000 x 6600 x 7250mm Supply line is powered Futura, CR6500, year of manufacture: 2000, s/n: 174 Dimensions of the ground surface approximately: 17500 x 27000 x 7650mm Excluding pallet rack and loose elements that are not associated with the spraying line</p>	100€

		<p>"When dismantling, the buyer must follow the instructions of the on-site technician. Electricity must be properly disconnected from the socket, and the conduit/extraction pipes must be dismantled last, with one part remaining in the roof to ensure watertightness. All nuts and bolts in the ground must be ground off. The buyer is responsible for his own disassembly and must provide his own disassembly and lifting material, as this is not present." Weight category: more than 1,000 kg condition: Used Location: Warehouse</p>	
	2	<p>Quantity: 3 Product category: Various empty PVC silos Brand: Astro Year of construction (yyyy): 2000 Voltage (V): 400 Additional information: Including capacity: 2x 9500L and 1x 15000L, equipped with Dipe Concentratore Dpe 1500 control system, consisting of: 1x control cabinet with Siemens Simatik OP3 control, 2 various drive pumps, including Bronzoni and 1 compressor tank Danfoss Maneurop, built: 11/2000, 380V dimensions ground area: 11000 x 2800 x 5000mm excluding pallet rack</p> <p>"When dismantling, the buyer must follow the instructions of the on-site technician. Electricity must be properly disconnected from the socket. All nuts and bolts in the ground must be ground off. The buyer is responsible for his own disassembly and must provide disassembly and lifting equipment yourself, as this is not available." Weight category: more than 1,000 kg condition: Used</p>	100€

		Location: Warehouse	
	3	<p>Quantity: 1 Product category: Industrial automated storage system Brand: Ciampalini Model: BI-MAG.310 Year of construction (yyyy): 2010 Voltage (V): 400 Additional information: Equipped with 31 drawers in a lattice structure (excluding bins), single compartment and operating system, consisting of: 1 PC HP DC2200, 1 TFT screen Philips, 1 keyboard and mouse Serial number:: BM180/10 Drawer capacity: 1000kg Total warehouse flow rate: 31000kg Useful dimensions of loading: 6800mm Warehouse dimensions: 7480 x 2560 x 6900mm Depth of the warehouse with trolley outside the workspace: 3340mm</p> <p>"When dismantling, the buyer must follow the instructions of the on-site technician. Electricity must be properly disconnected from the socket. All nuts and bolts in the ground must be ground off. The buyer is responsible for his own disassembly and must provide dismantling and lifting equipment yourself, as this is not available." Weight category: more than 1,000 kg condition: Used Location: Warehouse</p>	100€
	4	<p>Quantity: 1 Product category: Automatic metalworking center Brand: Finn Power Model: EB4 Year of construction (yyyy): 2000 Voltage (V): 400</p>	100€

Additional information: Consisting of type: 1x Power express bender Eb4 2160/200, s/n: FP3044/2000G (this needs to be checked, leaks oil!) 1x laser safety barrier Sick M2000 and 1x Finn Power Ntr

Model Eb-0004-200 express bender 4 fin power:  
Characteristics:  
Maximum folding length: 2150mm  
Minimum length between folds: 350mm  
Minimum width between folds: 160mm  
Sheet metal length (min-max): 370-2450mm  
Maximum panel diagonal: 2700mm  
Maximum weight of plate package: 3000kg  
Maximum material thickness: Fe37 steel: 2.5mm, stainless steel: 1.8mm, aluminum: 3.5mm  
Minimum material thickness: 0.5mm  
Incline angle: -135° +135°  
Number of max. folds per side: 20  
Ground surface dimensions: 13000 x 9750 x 4000mm

"When dismantling, the buyer must follow the instructions of the on-site technician. Electricity must be properly disconnected from the socket. All nuts and bolts in the ground must be ground off. The buyer is responsible for his own disassembly and must provide dismantling and lifting equipment yourself, as this is not available."
